The accompanying notes form an integral part of this report.

Note 1 This report provides a summary of signed or awarded contracts with a maximum contract value of \$10,000 or more for the Legislative Assembly of B.C. for the reporting period April 1, 2020 to September 30, 2020. Contracts awarded by Caucuses, MLA constituency offices, or Parliamentary Committee are not included in this report as these groups are exempt from the Legislative Assembly's Procurement and Contract Management Policy. These summaries are not audited and may be subject to further reconciliation. While summaries are posted on a quarterly basis, in some cases a quarterly summary may incorporate contracts awarded outside of that period, depending on when they are processed. For example, a contract awarded in the first quarter may not appear until the second quarter report.

Note 2 The Legislative Assembly's Procurement and Contract Management Policy allows the Assembly to directly award contracts for goods, services, or constructions without competition in certain circumstances where one of the following exceptional conditions applies: Public Sector Organization, Sole Source, Emergency, Members or Caucus, Security, or Confidentiality.
