

### Design #3

The height from the base to the top of the memorial pillars is 2.43 M or 8 feet. The width of each pillar where the names are engraved is .457M or 18 inches. The depth of each pillar is .406M or 16 inches. The middle section with the Star of Life will be .914 M or 3 feet wide, 2.133M or 7 feet high. The Star of Life will be deep engraved and the Canadian flag will be in hard epoxy paint. The overall length of the memorial is 1.82M or 6 feet. The base length is 2.133m or 7 feet and is 1.066M or 3.5 feet wide. This back open space allows for more names to be engraved.

The memorial is polished black granite with colours as shown. The memorial is mounted on a grey polished granite base.
