## Virtual Speaker in the Schools

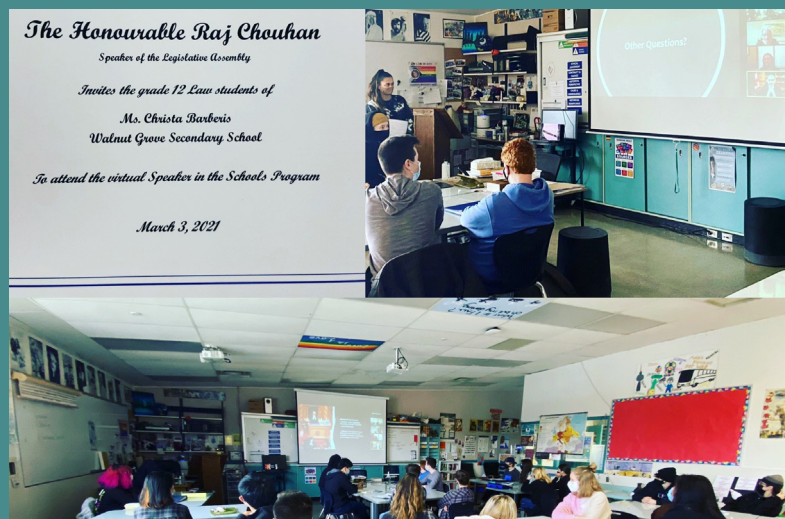

**Karen L. Aitken, Director**

In February 2021, the Honourable Speaker of the Legislative Assembly, Raj Chouhan, relaunched the Speaker in the Schools program, but with a virtual twist. To date, students in two schools have participated online with Mister Speaker to learn about his role in parliamentary democracy in British Columbia.

Grade 7/8 students in Ms. Cumberland's class at Holy Cross School in Penticton, along with Ms. Cacchioni's grade 4 class as onlookers, met virtually with Mr. Speaker in late February and posed many great questions to learn more about his experiences and observations of many years in the Speaker's Chair. Although a new Speaker, officially as of December 7, 2020, Mr. Speaker previously held the roles of Deputy Speaker (2017-2020) and Assistant Deputy Speaker (2013-2017). After a short introduction to the Legislative Assembly, the students posed over 10 questions to Mr. Speaker ranging from his favourite part of the job to why he wanted to become a Member of the Legislative Assembly (MLA) in the first place.

In early March, Mr. Speaker spent time with another class - Ms. Barberis' grade 12 law class from Walnut Grove Secondary School in Langley. These students also asked excellent questions ranging from what it's like to oversee debates in the Chamber to how have the proceedings changed during the COVID-19 pandemic.

In each session, the students brought thoughtful questions to Mr. Speaker. He answered them with passion for his role as both the Speaker and an MLA representing his constituents of Burnaby-Edmonds. Mr. Speaker also encouraged the students to make the most out of their education and to treasure opportunities to learn. The students were pleased, too, with comments such as, "I liked how he really thought about his answers - they weren't fabricated" and "His answers were easy to understand like he was used to talking to teenagers." All in all, a fabulous start to the relaunching of the valuable Speaker in the Schools program.

## Meet the Speaker: The Honourable Raj Chouhan

Esther Rzeplinski, Parliamentary Education Officer

The Speaker, currently the Honourable Raj Chouhan, is a key figure in the Legislative Assembly.

The Speaker is an MLA elected in a secret ballot by all Members of the Legislative Assembly to preside over debates and ensure that the Assembly's established rules of behaviour and procedure are followed. The Speaker is neutral, responsible for making sure that all MLAs are treated fairly and impartially. He votes only to break a tie. In addition to his procedural responsibilities, Mr. Speaker is also responsible for the Parliament Buildings and Legislative Precinct, as well as having ceremonial duties.

Mr. Speaker is also the MLA for Burnaby-Edmonds! He was first elected in 2005 and was elected Speaker of the Legislative Assembly on December 7, 2020.

In 1973, Mr. Speaker immigrated to Canada from India, where he was actively involved in student union activities. Upon his arrival to Canada, Mr. Speaker was greatly impacted by the plight of other immigrant workers and the wide disparity between the rich and poor in a prosperous country. This contributed to his ongoing advocacy for community and social justice for workers.

A founding member of the B.C. Organization to Fight Racism, Mr. Speaker has worked relentlessly in promoting human rights and racial equality. He has taught courses on human rights, the BC Labour Code and collective bargaining since 1987. Mr. Speaker continues to support organizations in his community and has helped to promote diverse programs including neighbourhood safety, refugee assistance and health and wellness programs for seniors.

## Stories from the Legislative Library

### Nicholas Guerreiro, Parliamentary Player Information Assistant

The Legislative Library contains six floors of bookshelves, including the largest collection of BC government documents in the world alongside other rare and valuable objects. When the COVID-19 pandemic shuttered in-person programming at the Legislature, the Parliamentary Education Office and Legislative Library collaborated to create a new, safe way for the public to learn about this incredible collection. Stories of the Legislative Library is a program offered over Zoom. While aimed at adults, the sessions are excellent supplements for secondary students learning about history or government.

The first offering is called Documents Towards Democracy, an hour-long trip through BC's political history, as told by ten remarkable items from the Legislative Library's shelves, including early laws, signed petitions, treaty documents, and more. This program runs every Thursday in March, April, September, and November at 2:00 pm.

The second offering, Treasures from the Legislative Library Vault, allows to the public to get a close look at said treasures. For our first slate of items, we have selected the earliest British parliamentary records (April 7), annotated books belonging to early Canadian politicians (June 23), the original maces from BC (October 13), and first editions of the novels of Charles Dickens (December 15). All sessions take place Wednesday at 2:00 pm.
